FOOD PANTRY: The food pantry continues to serve the Chocolate Bayou Community. The food pantry is taking donations, they except food and money donations. They also need volunteers to work on Fridays from 10 AM to 12 PM. If you are interested, please contact Catherine at 281-581-2342.

It will also be an opportunity for anyone interested in joining the volunteer fire department to do so. More details will be coming soon.

NEW WATER OFFICE: The City of Liverpool is proud to announce that our Water Plant Operator, Evan Kirkpatrick, will be moving his main office to Liverpool. A new office trailer is being put beside the water plant and will be his main office. He brings with him his assistant water plant manager, Sandra Hines, secretary Gabbi Ramirez, and water person Richard Hernandez, The billing will still be done through the City of Liverpool, however, all water issues, other than billing, will go through Evan. We will be updating the emergency after-hours contact numbers. We look forward to working with Evan and his crew.

TEXTING INFORMATION: We upgraded our water software to do auto payment, and new online payment system. Along with that, we now have the ability to send out mass text messages, for things like water problems, emergency management information, and anything else that would affect our city. If you are interested in receiving text messages from the City, please contact the City of Liverpool at 281-581-2342 to get signed up and to get more information.
